Height error was taken in the preparation of this chart, which is intended to provide information for the use of the chart. It is not intended to be used as a substitute for a survey. The data which associated British Ports possessed at the time of its preparation, ABP gives notice that hereafter, on account of the quick sanding upon and character of the river, the data may be subject to change. The data are given as they are and are not to be accepted by ABP for any inaccuracy in the Chart or omission therefrom.
